**TERMS**

**18 January, 2019**

Submission of conference participation entry forms and  
paper or poster abstracts.

**26 April, 2019**

Submission of full-texts papers/posters.

Abstracts of papers and posters will be published in materials  
distributed during the conference. Qualified papers in the  
Polish or English language will be published in the reviewed  
journal “Materiały Ceramiczne” (“Ceramic Materials”) or  
“Cement Wapno Beton” (“Cement Lime Castable”), depending  
on their subject matter.

**➔ PARTICIPATION FEE:**

- Place in double room: 460 Euro
- Single room: 550 Euro

The price includes: conference costs, conference materials,  
accommodation, full board and associated events.

The aim of the conference is to present the latest achievements in material engineering within the scope of: manufacturing technology, testing and application of refractory materials used in industrial processes.

The conference will also provide an opportunity to initiate closer contact between national and foreign research centres, producers of refractory materials and their users.

### SUBJECT MATTER

1. Natural, synthetic and recycled raw refractory materials
1. Current trends in refractory materials manufacture
2. Application of refractory materials
3. Equipment and furnaces
4. New research methods and quality control issues
5. Refractory materials testing.

Place and term of the conference:

The conference will be held from

**22.05 – 24.05.2019**

at Hotel Stok in Wisła Jawornik. Conference proceedings will be run in Polish and English. Simultaneous translation will be provided.

The organisers invite you to present your original, previously unpublished works in the form of a paper or poster.
